Honour

"The *measure of a knight*, my brother, *lies not in titles*, not in sigils, *but in his heart*. *In honour. In chivalry. In great deeds* upon the battlefield. My lords have fallen to corruption, and thus my sigil was stripped away, yet the honour still pumps in my heart, and *the pride of nobility still flows through my veins*. No man can take those from me." *Alien Hunters, 2015*

Equity

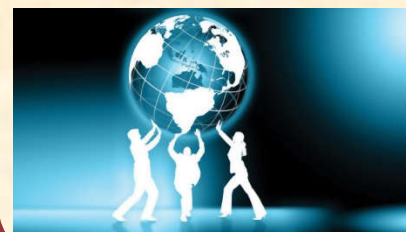

Many people still think that wealth is the only necessity for a good life. But more and more people have come to realize that *wealth alone is not the answer*. They see life as a balance. A balance between work and family, between earning money and giving back to society, between existing "alone" or being part of a greater good along with others. *A life balanced by "equity"*, not just "equality". Balanced by helping others, worthy others, in achieving a balanced life, and thereby obtaining an even more balanced life for themselves. *Dr.J*

1. Equality: is giving people the same thing/s.
2. Equity: is fairness in every situation.

SEI's GVM needs you if it is to succeed. Join us now ! Visit our website to see how you can "**pen up**" to help in making a better place to live.

The time has come to Say it Loud that *enough is enough*, that this spaceship Earth is for ALL human beings and not just for a few deluded who consider themselves enlightened leaders wise enough to decide mankind's fate from their hidden privileged abodes.

Winter 2016

Candle.. Inferno

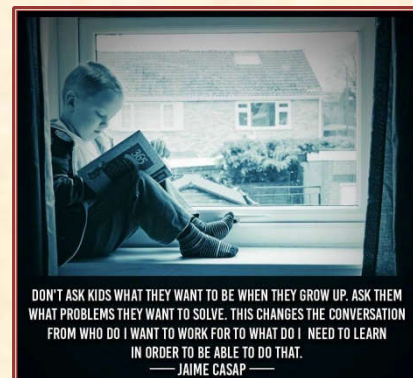

*Every one of us is just one candle held up against the darkness that surrounds us. We aren't much in our singularity. Bring those points of light together, into a (group) who works for the good of the whole, who can make good decisions for themselves and others, who can trust the men and woman at their sides, and suddenly that one candle grows with the light of many and **we are an inferno** that presses anything that would violate us back into the darkness.*

S.E.I Vision

Create caring citizens' synergy groups to enable participants to "live a life richer than they can imagine" through economies-of-scale initiatives in housing, education and others aspects of Global Village living.

Good people
are like candles
that burn with passion
to light the way and guide
others to a better future.

Things Money Can't Buy:

- | | |
|-----------------|--------------|
| 1. Manners | 6. Trust |
| 2. Morals | 7. Patience |
| 3. Respect | 8. Class |
| 4. Character | 9. Integrity |
| 5. Common sense | 10. Love |

Wealth

“Caeium non animum

mutant qui trans mare currunt“, which translated from Latin is “Those who hurry across the sea to change the sky upon themselves forget to change their state of mind and soul.”

The morale is that just because we rush forward chasing wealth, we should still join with others in a GVM attitude and with humble souls so as to make our lives better not just for ourselves but also for future generations.

Christopher Hill, President, SEI

As a research institute, **S.E.I** must always seek out fresh “content”. To do this economically, and unbiasedly, we need your help as contributor “grunters”.

Pending Coffee

Buy 2, take 1,
leave 1 pending..
for the needy.
Small actions can
make a difference!

GVM ? It's about having a caring, kind heart, of thinking of others, not just ourselves or our family... or our country. **It's about being part of a civilization, not just a society.** Join us today... become a **Global Villager !**
